WHEREAS, the COVID-19 pandemic is expected to cause a sustained global economic slowdown, which is anticipated to cause an economic downturn in Washington State resulting in layoffs and reduced work hours for a significant percentage of our workforce and reductions in business activity impacting our commercial sectors that support our State's economic vitality, including severe impacts to a large number of small businesses that make Washington State's economy thrive; and

WHEREAS, as a result of the global COVID-19 pandemic, certain Washington businesses and taxpayers are suffering significant economic hardship, and in some cases their financial resources are becoming limited; and

WHEREAS, the Washington State Department of Revenue is responsible for enforcing certain tax and licensing provisions applicable to businesses and taxpayers that are being adversely impacted by the COVID-19 pandemic; and

WHEREAS, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

WHEREAS, the Washington State Department of Health (DOH) continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the DOH and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the DOH in assessing the impacts and long-term effects of the incident on Washington State and its people.
